57 Dovedale Avenue, Long Eaton, Nottingham NG10 3HT

Dear Liam

ALKS East Midlands Ltd is a domestic and commercial plumbing company that specialise in working in schools and care homes dealing with legionella issues.

After coming home a couple of weeks ago I was greeted with the news that my youngest Archie had decided to squeeze his bike between the edge of the path and the car leaving a big scratch along the passenger door. The first thing I said to Sharon (my wife) was i'm going to see Liam at Ready for Retail. I shot down with the car and showed you the car door, worried you would say it was too deep to sort out, but you set to work with your bucket and wet and dry paper.

10 minutes later and the scratch was gone, as far as i'm concerned you're a magician, and I would like to thank you for saving Archie's bacon.

Thankyou again for sorting it out for me and i'll have no hesitation recommending you to anyone who need your services.

Regards  
Steve
