Testimonial for Liam Kelly of Ready 4 Retail

It's Saturday morning and, on my way back from an appointment, I find myself about to drive past Ready 4 Retail. A quick call to Liam confirms that he is there and working so, I drive over to get my car washed and vacuumed.

I was met 'at the door' by Liam with a cheery greeting and a cup of coffee.

Liam and his staff then knuckled down to the job in hand vacuuming the inside of my car and washing the outside. The job was finished quickly and to the highest standard and all at a very reasonable cost.

It is easy to forget that a clean car gives a good impression and creates the right image to clients and I would have no hesitation in suggesting you use Ready 4 Retail when your car needs sprucing up.

I will be recommending Liam and Ready 4 Retail wherever possible.

Thank you.
